

bum • ber • shoot (ˈbʌm-bər-,ʃu:t) n.
[bumber- (alter. of umbr- in umbrella) + -shoot
(alter. of -chute in parachute)] (ca.1896)

bumberShoot

POPPING UP EVERYWHERE

Fantastically fun, fast, friendly and funky.

The bumberShoot is so lightweight and small one package fits into most recreational vehicles and takes only five minutes for one person to set up. The free-standing frame folds and opens like an umbrella – just deploy, anchor and you're covered. A totally free-span open interior gives space for maximum play room. While the modular design lets you create your own space and expand your horizons. Optional walls enclose a cozy haven.

Pop it up any time, anywhere!

// Tentology® is the most **innovative** and exciting tent manufacturer today... //
